Dear

The Greater San Antonio Builders Association (GSABA) would like to offer the following comments regarding City Council's consideration of changes to the Unified Development Code (UDC) (Council Item #5).

GSABA has followed the UDC amendment process throughout the year and provided comments at the public hearings. The Technical Advisory Committee, Planning Commission, Zoning Commission, City Council Urban Affairs Committee as well as City staff have all worked very hard on the amendment process, and we value their time and efforts in this endeavor.

GSABA supports adoption of Pac 1F and Pac 2F, containing clarification and editing changes as well as other changes to the actual code. At this time, we do not support adoption of Pac 3F. Much of the amendments suggested in Pac3F have been addressed by Council action and are therefore not necessary at this time.

Thank you for the opportunity to comment on this Council Item. If you have any questions about our comments, please feel free to call me at 210-696-3800.

Sincerely,

Becky Oliver
